

FAASafety Team Flight Instructor Open Forum

Aviation educators are vital and influential; they are the gateway for those entering pleasure, business, and commercial flying. Instructors advance pilots through a regulated system of certificates and ratings, transitioning pilots to different aircraft and technologies, and ensuring that pilots satisfy FAA, insurance, and flight school or company recurrency requirements. Instructors often represent the first and last lines of defense to motivate pilots to continue in aviation. At this Flight Instructor Forum we will discuss Flight Instructor Professionalism and The Art of Teaching Stalls Effectively.

Directions: Airport Terminal Building (Former Piedmont Airlines Terminal building)
